is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me. Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Oberdorfer's drug store. Price 50c and \$1 a bottle. Trial bottle free.

STOCK AND CROP.

Monday will be county court day at Winchester, Flemingsburg and Cynthiana.

The Burley Loose Tobacco Warehouse Company, at Lexington, sold something over seventy thousand pounds of tobacco Monday. The prices realized averaged better than at any sale during the past four weeks, especially on the low grade of tobacco.

Everything was sold and there were no rejections. The farmers all expressed themselves as satisfied, as the prices was a little over seven cents.

Chas. S. Brent & Bro. furnish us with the following quotations on seeds: hemp seed, best quality, \$4.00 per bushel; clover seed, \$8.75 to \$9.00; timothy, \$2.00 per bushel; extra fancy export blue grass seed \$1.35 per bushel. Same price to farmers. Seed oats best quality, 45 cents. Hemp is selling on the local market at \$5.40 per 112 pounds; tow at half price.

The Agricultural Department has received from Abyssinia a fine specimen of Grevy's zebra, destined to become the ancestor of a new race of domestic animals, if the experiment proposed by the bureau of Animal Industry proves successful. This is no less than the proposal of a draft animal that will withstand diseases common to the horse and the mule. The cross-strains of the horse and the zebra is said to be exceptionally hardy and sure-footed. Such "Zebrules", bred in Scotland by Prof. Ewart, are being used as pack animals by the British in India.

Anent the high price of lumber, which in the local markets is selling at from 20 to 50 per cent. higher than a year ago, and in some grades nearly 100 per cent. higher than two years ago, the following is of interest:

Few people realize the rapidity with which the forest of this country are disappearing. The lumbermen of Maine, Michigan and Minnesota, either have sought new fields of operation or very soon will have to do so. They are turning to the immense pine forests of Idaho or the timbered slopes of the Cascade mountains, which at one time seemed to offer an absolutely inexhaustible supply. Even these forests, however, are beginning to recede from the shores of Puget Sound, before the advance of the lumberman's axe. Already vast tracts of land once covered with a dense growth of timber are now stripped of lamost all their merchantable trees.

The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's world-famed medicine leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicine in a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, overworked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient anodyne.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, non-secret medicines largely, but the most intelligent people employ them—people who would not think of using the ordinary patent, or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for like purposes has any such professional endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.
